

I am writing to you to ensure that K-Love continues to serve the residents of my community. There are many people in my area who are privileged to be able to listen to this radio station. I believe that keeping this radio station on the air nation wide is in our best interest. They are wholesome radio station that the entire family can listen to without worrying about foul language or seductive suggestive music or advertising. Please keep K-LOVE on the air, or many people will be heart broken.

Sincerely,
Jennifer J. Devening
